The People Choose

With this issue we announce the result of both Provincial and Federal elections and now that the contests are over we appeal to the people to settle down to their respective tasks forgetting any unkind statements made in the heat of the campaign.

The Chronicle extends congratulations to Rev Peter Dawson in his re-election and we feel certain that in the term ahead he will not only represent Little Bow with credit, as in the past, but do what is in his power to aid individuals locally. Credit is also due Mr Griffin. Coming into the campaign late and being matched against a strong candidate he made a most excellent showing. The Chronicle trusts that the support he received will encourage Reeve Griffin to continue in public life, and later fields open for him in the provincial or federal arena.

The attitude of this paper is well known. We believe that it is the duty of citizens to give support to the government of the day, irrespective of party. The people gave the decision. While we do not advocate silence when drastic changes are made which are not in the best interests of the people, we do say that those entrusted with the legislative task should be given full co-operation. This, The Chronicle, will do, giving to the respective governments, municipal, provincial and Dominion, such co-operation as we believe is in the interests of the community.

SEARLE GRAIN REPORT

It is typical of all wars that prices gradually rise for all the things that farmers and all of us have to buy. The Canadian and Allied Government today are doing their utmost to prevent any spectacular increase in prices, but some increases and questionably will take place.

The best defence of the farmer against rising prices for the things he has to buy, it would seem, would be for him during these years to buy as little, and to sell as much, as possible; which means simply that he should be thrifty, and should in addition endeavour to provide for himself and for his family as much as his farm will produce of those things he needs at home, products such as eggs, butter, cheese, milk, cream, meat and vegetables, because what the farming family grows and itself consumes, is not affected by rising prices. During the last war for instance, most business men in Great Britain grew their own vegetables.

If farmers during this war, therefore, would make a special effort to produce for their families at least the simple necessities of life, all of which spring from the soil, then I believe they would be doing not only a good thing for themselves, but in addition would be performing a patriotic duty to their country.

Equine Encephalomyelitis

(Sleeping Sickness)

An outbreak of the disease may occur in Alberta this season.

VACCINATION

with Chick Vaccine is the only preventative.

PROCEDURE:

1. Vaccinate before seeding.
2. Two doses are required, given seven to fourteen days apart.
3. The Vaccine is available at Drug Stores, or may be obtained from Veterinarians, and some Municipal Districts may handle it.
4. If a qualified Veterinarian is not available, the Vaccine should be administered by some other person trained by a Veterinarian. Farmers wishing to do so may obtain a syringe and learn how to vaccinate their own horses.

Vaccine is effective only when administered prior to the outbreak of the disease.

Vaccinate Early!

The Department of Agriculture recommends vaccination as an insurance against loss.

New Home for Banff School of Fine Arts

The Banff School of Fine Arts has a new home which is as modern as the splendid work done by the school. The new auditorium, which was officially opened in January in the presence of educational and other Alberta leaders, will be the scene of the eighth annual session of the school, from August 1st to 31st. This \$50,000 building is made of native Rundle stone and is of the chalet design which harmonizes so well with the surroundings. The theatre has a seating capacity of 700 and a modern stage fitted with the finest lighting equipment and there are dressing rooms, music room, work rooms and other meeting rooms for small groups. The building is truly a co-operative effort. The Parks Department deeded two lots worth \$10,000 to the Banff School Board and supplied plans and specifications free of charge; the Sir Edward Beatty donation of \$2,500 to the Department of Extension of the University of Alberta made possible the furnishing and equipment of the stage and theatre.

LUX RADIO THEATRE

Louis Hayward, one of the stars of "My Son, My Son" last week in the Lux Radio Theatre, doesn't like to see himself on the screen and doesn't like to hear his voice on the radio. When Hayward's wife, Ida Lupino, appeared at the premiere of the picture last week without Hayward, friends wondered if he was ill. "He got dressed, and as we were ready to leave for the theatre, he changed his mind," she said. "He was too nervous and thought he could not go through with it." A few days later, the Lux Radio Theatre did "My Son, My Son," with Hayward in the role he played in the movie. Prodducer Cecil B De Mille recorded the dress rehearsal and played back the record to the cast. Hayward asked De Mille if he minded if he didn't listen to the record. "I'm not a very good audience for myself," he explained. Lux Theatre comes over CFAC, Monday at 7:00 pm.
